Each wig per child can cost up to \$2,800 to process, design and create. We rely on monetary donations to ensure that every child can look their best.

Please consider making a financial contribution to help support our cause. Any amount helps us get closer to helping a child. You can visit our website and click on "**Please Donate Here**" to donate online or securely contribute by credit card or cheque by completing the information below.

With the help of charitable financial support, Wigs For Kids can provide a custom wig for children suffering from hair loss due to illness or circumstance. Your hair will be used to create a specialized hair replacement that will bring joy to a child in their time of need.

My cheque is enclosed. Please make cheques payable to Wigs For Kids.

I would like to make a gift by credit card:

Would you consider holding a fundraiser for Wigs For Kids? Yes: No:

Thank you for helping a child look like themselves and live their lives!

Please include this form with your hair donation package.

Hair Donation Requirements

Acceptable Hair

- Hair donations must be a minimum of 12 inches. Anything shorter cannot be processed. Pull curly hair straight for more accurate measurement.
- Hair must be clean and dry before mailing.
- Hair that is less than 20% gray is acceptable.
- Hair that has a natural colour or highlights that can be washed out is acceptable. The colour must be washed out before it is sent.

Unacceptable Hair

We cannot use hair that is:

- less than 12 inches in length
- wet
- chemically treated, such as perms, colour treated, highlighted
- dreadlocks.

How to Cut a Ponytail

- Tie hair into at least 4 sections (6 are even better) around the head for a more generous donation. Hair that is pulled into one ponytail or braid results in a loss of up to 4 inches of hair. To do so, first make a center part. Starting from this center part, part the hair over the top of each ear. This will create 4 sections of hair. To create 4 ponytails, tie the hair in front of each ear into ponytails and then tie the hair behind each ear into ponytails.
- Make sure each ponytail or braid is tightly secured with several rubber bands 2 or 3 inches apart along the ponytail.
- Cut hair above the rubber band.
- Wrap ALL ponytails in one piece of tissue paper and seal in a Ziplock bag.
- Mail the hair in a sealed envelope or a small shipping box (special containers and insurance are not necessary) to:
